DETAILED ACTION

Response to Amendment

1. The amendment filed December 22, 2009 has been entered.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carlos Villamar (Reg. # 43224) on January 27, 2010 and February 2, 2010.

The application has been amended as follows:

- a. In paragraph [0066], line 5, change [[(not illustrated)]] to -- 54 --.
- b. Claim 13, remove all underline formatting.
- c. Claim 15, line 3, change [[racks racks]] to --racks--.
- d. Claim 15, remove all underline formatting.
- e. Claim 20, remove all underline formatting.
- f. Claim 21, line 2, remove [[such as tweeters, midrange, bass, mid-bass and subwoofer]].
- g. Claim 21, line 3, change [[any of the preceding claims]] to --claim 12--.
- h. Claim 22, change [[according to claim 22]] to --according to claim 21--.

Allowable Subject Matter

3. Claims 12-23 are allowed.
4. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Lahti '953) teaches a loudspeaker system which may be tilted along with an acoustic lens which may be independently oriented to direct sound to differing portions of the acoustic environment. The prior art of record, when viewed alone or in combination fails to teach or suggest a loudspeaker assembly that is capable of: linear movement "from a first non-exposed position...into a second exposed position along an axis of movement", rotating "the loudspeaker and/or the acoustic lens...around the axis of movement", as well as "tilting the loudspeaker and/or the acoustic lens around a second axis perpendicular to the axis of movement" as stated in the sole independent claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
